

Muhammad Abu Bakar Mansha

FRONTEND DEVELOPER

About Me

I am Muhammed Abu Bakar Mansha working as a frontend developer. I have expertise in all the main stacks which are supportive of frontend like HTML, CSS, Bootstrap, Tailwind, SCSS, JavaScript, Typescript and Angular. Also my aim is to get expertise in all hybrid application development as well. I am highly passionate about learning more skills and adding value to the IT industry.

Experience

Angular Developer Internship- Peri Studios

July 2023 - Sep 2023

- Frontend Developer Intern at Peri Studios, proficient in HTML, CSS, Bootstrap, JavaScript, Typescript and Angular. Collaborated on user-friendly interface designs, implemented responsive layouts, and contributed to Angular projects.
- Demonstrated strong problem-solving skills and a proactive approach to learning. Gained hands-on experience in a dynamic professional environment.

Freelance - Upwork
